REMUNERATION OF DIRECTORS AND OFFICERS

Each Director of the Corporation, other than a Director who is an officer of the Manager, Morgan Meighen & Associates Limited, is entitled to receive a fee of \$9,000 per annum, and a fee of \$900 for each meeting of the Board or any Committee thereof attended. The Chairman of the Audit Committee is entitled to an annual fee of \$2,000 while the Chairmen of other Committees of the Board are entitled to fees of \$1,200 per annum.

During the fiscal year ended December 31, 2006, three Directors of the Corporation received directors' fees aggregating \$59,000 and no other compensation was paid to the Directors of the Corporation in respect of that year. The Board may from time to time engage individual Directors to conduct special assignments that are particularly suited to the member's expertise. Compensation for such engagements requires Board approval and will be determined according to prevailing related professional rates.

During the year ended December 31, 2006 the Corporation had two "Executive Officers" within the meaning of applicable securities legislation. The Executive Officers were remunerated by the Manager in their capacity as directors and/or officers of that company and received no remuneration from the Corporation. No compensation was paid or is payable to any Officer of the Corporation during or in respect of the Corporation's fiscal year ended December 31, 2006. Morgan Meighen & Associates Limited provides management services to the Corporation as outlined under the heading "Management Contract".

SUMMARY OF BOARD MEETINGS AND ATTENDANCE

There were five meetings of the Board and six meetings of Board Committees during 2006. There was full attendance for all Board and Committee meetings.

MANAGEMENT CONTRACT

The Corporation and Morgan Meighen & Associates Limited (the "Manager") were parties to a Management Agreement dated January 31, 1994, as amended (the "Original Management Agreement"). Effective as of January 1, 2006, the Original Management Agreement was terminated, being superseded by a new Management Agreement (the "Management Contract") between the same parties. The new agreement was developed by the Independent Directors Committee of the Board of the Corporation (the "Committee") following extensive review thereof and deliberation thereupon.

The Committee concluded that, while there was no reason to seek material changes to the Original Management Agreement, there was a need to amend and update certain processes and procedures. The complete Management Contract is available for viewing on SEDAR at www.sedar.com. The following provides a description of the material parts of the Management Contract, which was approved in its entirety by the Board of Directors of the Corporation (the "Board") with those Directors who are also officers of the Manager refraining from voting:

- Under the Management Contract the Manager is responsible for making all decisions relating to the investment, disposition and re-investment of monies and securities forming part of the investment portfolio from time to time in accordance with the Corporation's investment objectives, guidelines, strategy and restrictions (the "Investment Policy") as established and amended from time to time by the Board.
- Non-compliance, if any, with Investment Policy by the Manager, even if temporary in nature, must be reported according to procedures established by the Board.
- The Manager will participate in the marketing of information about the Corporation, its shares and other securities, will assist the Corporation in complying with applicable laws and regulations and in addition, will supply, at its expense, office accommodation, office staff, statistical and research services, accounting services to administer the Corporation's accounts, maintenance of books and records and certain other services.
- The Manager will provide, according to a timetable specified by the Board, reports concerning portfolio holdings and cash setting out the current portfolio of investments of the Corporation and of all transactions since its previous report as well as any ad hoc reporting.
- The Manager is responsible for assisting the Board with the preparation of such Financial Statements or other reports required by applicable laws and regulations, and to assist the Corporation in furnishing the same to shareholders and other concerned parties including the responsibility for calculating and publishing the net asset value of the Corporation.
- The "Portfolio Manager", is the designated individual employed by the Manager having the responsibility for and the authority over the Manager's investment related advice provided to the Corporation. The individual currently filling this role can only be replaced subject to the Board's right to approve or reject, acting reasonably, any such proposed replacement Portfolio Manager (this provision codifies a procedure that was previously employed by understanding only).
- The Management Contract continues until terminated by either party with not less than 180 days prior written notice (an increase from the previous 90 day notice period to allow more time for the Board to conduct a proper search for a replacement investment manager should there be a termination of the Management Contract) and provides, in the case of such a termination by the Corporation, that termination must be approved by a two-thirds shareholder vote cast at a meeting of shareholders of the Corporation. In the event that the Management Contract is terminated by the Corporation for reasons other than an unrectified breach or default, the Manager is entitled to a termination payment in an amount equal to three-quarters of the fees paid or payable to the Manager during the most recently completed twelve-month period. The Corporation may also terminate the Management Contract if the Manager is in material breach or default of its responsibilities and such default is not rectified within 30 days of notice and, in this event, the Manager will not be entitled to the termination payment as set out above.
- For its services the Manager is entitled to receive a fee of 1.5% per annum of the net asset value (excluding tax liabilities) of the Corporation (calculated without regard to any securities owned by the Corporation or its subsidiaries in any company or other entity whose investment portfolio is managed by the Manager) calculated at the close of business at the last business day of the month and payable on the 15th of the following month. This represents a change from the

previous quarterly management fee computation in order to better reflect actual portfolio conditions while enhancing the cash management procedures of the Corporation.

The amounts paid or payable by the Corporation to the Manager for its services under the Management Contract aggregated \$462,000 (including GST) during the fiscal year of the Corporation ended December 31, 2006.

The names and municipality of residence of the "insiders" of the Manager are as follows:

<u>Name and Office</u>	<u>Municipality</u>
Vanessa L. Morgan, President of the Manager	Mississauga, Ontario
Michael A. Smedley, Executive Vice-President and Chief Executive Officer of the Manager	Toronto, Ontario

DIRECTORS' AND OFFICERS' INSURANCE

During the year ended December 31, 2006, the Corporation purchased shared (primary) as well as excess insurance for its Directors and Officers ("D&O") with respect to certain liabilities which may be incurred by them in their capacity as Directors or Officers of the Corporation. The shared insurance policy also covers directors and officers of Canadian General Investments, Limited ("CGI") and Third Canadian General Investment Trust Limited ("Third"). This shared policy provides insurance coverage for claims made during the policy period to a maximum of \$5,000,000 in respect of each loss and a maximum of \$5,000,000 in the aggregate in respect of each policy year (including claims in respect of directors and officers of CGI and Third). The policy further provides for a deductible amount of \$50,000 per loss in the case of claims for which the Corporation grants indemnity to individual Directors and Officers. In addition, the Corporation purchased excess D&O Insurance for a policy amount of \$1,000,000 available solely for the Directors and Officers of the Corporation. There is no deductible amount applicable to this excess policy. The premium paid by the Corporation for the period of the policies from August 26, 2006 to August 26, 2007 was \$11,880 in the aggregate, none of which was paid by individual Directors or Officers. Neither insurance policy makes any distinction between insurance coverage for Directors and insurance coverage for Officers and there is no basis for estimating the amount of the premiums paid in respect of Directors or Officers as separate groups.

APPOINTMENT OF AUDITORS

Unless authority to vote in the appointment of Auditors is withheld, the persons whose names are pre-printed in the enclosed form of proxy intend to vote the common shares represented thereby for the reappointment of PricewaterhouseCoopers LLP, Chartered Accountants, as Auditors of the Corporation, to hold office until the close of the next annual meeting of shareholders, and to authorize the Directors to fix the remuneration of the Auditors. The resolution will be passed if approved by a majority of the votes cast at the Meeting.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

In February, 1995, the Toronto Stock Exchange Committee on Corporate Governance in Canada issued its final report containing a series of guidelines for effective corporate governance. These guidelines, which were not mandatory, dealt with the constitution and functions of boards of directors and board committees and were designed to ensure sound corporate governance. The TSX guidelines are no longer in force following the promulgation of National Instrument 58-101 – Disclosure of Corporate Governance Practices. However, neither National Instrument 58-101, nor any other corporate governance disclosure rules currently in force, apply to the Corporation because the Corporation is an “investment fund”, as defined in the National Instrument.

In response to the former TSX guidelines, the Board of Directors and the Management of the Corporation developed practices that give recognition to the desire for sound corporate governance policies, which are described more fully below, and have determined to continue such practices and disclosure of same until such time as corporate governance disclosure rules applicable to the Corporation are enacted by governing regulatory authorities.

In July 2006, the Canadian Securities Administrators released in final form National Instrument 81-107 ‘Independent Review Committee for Investment Funds’ (the “Instrument”). The Instrument applies to mutual funds and non-redeemable investment funds. It requires the manager of a fund to establish an Independent Review Committee (“IRC”) to deal with certain matters which could be perceived to be in the nature of a conflict of interest between the manager and the fund. The Instrument, which came into force on November 1, 2006 with a one-year transition period, applies to the Corporation because it is a non-redeemable investment fund.

There are no changes to the Corporation’s expressed Statement of Corporate Governance Practices necessitated by the Instrument other than as pertains to the requirement for the establishment of an IRC. Pursuant to the Instrument, Morgan Meighen & Associates Limited, the Manager of Canadian World Fund Limited, will comply with the Instrument including the appointment of the first members of the IRC prior to the required appointment date of May 1, 2007, with input from the independent members of the Board of Directors of the Corporation.

Mandate of the Board, Duties and Objectives

The Board of Directors is elected by the shareholders and assumes responsibility for the stewardship of the Corporation.

The Board of Directors oversees the conduct of the business and affairs of the Corporation and supervises its Management so that all major issues affecting the Corporation are given appropriate consideration. In fulfilling its responsibilities, the Board delegates day-to-day authorities to Management, while reserving the ability to review Management decisions. The Board discharges its responsibilities directly and through its Committees.

The Directors are kept informed of the Corporation’s operations at meetings of the Board and its Committees and between meetings, through regular reports and discussions with Management. In addition to its primary roles of overseeing corporate performance and providing quality, depth and continuity of Management to meet the Corporation’s strategic objectives, the Board of Directors, amongst other things:

- approves Annual and Interim Financial Statements, Management Report of Fund Performance, Report to Shareholders, Management Information Circular, Annual Information Form and corresponding press releases;
- appoints members to serve on Committees of the Board and selects (other than with the Independent Directors Committee) the member (who shall be other than an “inside” Director) who will serve as Committee Chairman;
- determines the mandates of Committees of the Board;

- approves business, strategic, financial and succession plans and monitors the implementation of business and strategic plans;
- reviews investment activities and reviews and approves policies, guidelines and constraints governing such activities;
- reviews and approves the Corporation's corporate disclosure policy;
- monitors Management's approach to communication between the Corporation and shareholders, potential investors, investment professionals, regulatory bodies and the general public;
- develops and reviews position descriptions for the CEO and Members of the Board;
- appoints Officers and monitors their performance on a continuous basis (the Corporation has no employees);
- monitors the effectiveness of the Manager's approach to succession planning, which falls under the purview of the president of that company;
- approves corporate distributions such as dividend payments;
- approves changes in the By-laws of the Corporation and submits them to shareholders for approval;
- under the guidance of the Corporate Governance Committee, each member of the Board participates in the annual assessment of the Board as a whole and in the confidential process of peer assessment;
- monitors business risks as identified by Management; and,
- through its Audit Committee, the Corporation's external Auditors and working closely with the Manager, has in place effective procedures for monitoring the integrity and performance of the systems supporting the Corporation.

In order to carry out its responsibilities, the Board of Directors meets on a regularly scheduled basis at least five times annually and otherwise as required by circumstances. When appropriate, outside advisors can be engaged by individual Directors with the approval of the full Board.

The Chairman of the Board is responsible for the functioning of the Board including, among other things, setting the agenda for each Board meeting, ensuring that Directors are kept informed of appropriate corporate matters including shareholder feedback and proposing measures for dealing with shareholder concerns, chairing the meetings and acting as a key liaison between the Board and Management.

The Board has determined that Board membership should be set at six, the number considered appropriate given current requirements and circumstances. Due to the special ownership of the Corporation, three of the six Directors are 'unrelated' and 'outside' Directors as described in the former TSX Guidelines, and are not active in the management of the Corporation or of the Manager. To allow for independent deliberation, the Board established a standing Committee of Independent Directors in 2003.

The Directors undertake to exercise all powers and adhere to all responsibilities under applicable laws.

Strategic Planning Process

Due to the nature of the business of the Corporation, strategic planning centres on portfolio management. The President, together with the investment management team of the Manager are responsible for portfolio investment selection strategy within the parameters of the strategic plan. Strategic planning issues and corporate governance matters are discussed at every meeting of the Board, either directly or by way of reporting from a Committee of the Board.

Committees of the Board of Directors

The Board of Directors has established three standing Committees, the Independent Directors Committee, the Audit Committee and the Corporate Governance Committee. None of the members of the Audit Committee or the Independent Directors Committee is a current or former employee of the Corporation, however, one of the members of the three person Corporate Governance Committee is a Senior Officer of both the Corporation and of the Manager.

The Board has delegated certain functions to each of the Audit Committee and Corporate Governance Committee and has designated subjects, including matters of policy, on which such Committees are to perform an advisory role and report to the Board of Directors. In practice, the Committees have been empowered by the Board to formally approve certain matters before them and in other cases to return matters to the full Board with recommendations.

1. Independent Directors Committee

Given the Corporation's majority shareholder ownership structure, in 2003, the Board established the Independent Directors Committee, consisting of non-management Directors, to allow opportunity for independent deliberation. The Committee meets periodically, at its own instigation and volition, to review activities of the Corporation. Its deliberations are private and it is unfettered in the scope of its questioning, having unimpeded access to the Corporation, its Officers and professional relationships. Members are paid fees consistent with prevailing Committee member fees. Where feasible, in order to minimize costs, meetings are held in conjunction with regular Board meetings or via conference call.

2. Audit Committee

The Audit Committee is comprised entirely of outside and unrelated Directors.

The Board has determined that certain 'Fundamental Activities' must be effectively conducted in order to meet financial reporting objectives. Such activities include properly recorded financial transactions, stringent internal controls and accurate Financial Statements; these are the responsibility of Management and are reported on by external Auditors.

The Board has established an Audit Committee (the "Audit Committee") with whose assistance it accomplishes the monitoring of the Corporation's financial reporting and disclosure. The Audit Committee has been empowered by the Board to conduct activities that will allow it to offer reasonable assurance to the Board that the Fundamental Activities are being properly conducted and that objectives as approved by the Board are being met.

The Audit Committee has a formal written mandate that has been approved by the Board and that sets out the scope of the Audit Committee's responsibilities and authority. The mandate is as follows:

A. The Board of Directors' Mandate for the Audit Committee

The Board of Directors bears responsibility for the stewardship of the Corporation. Given that management of the Corporation's business and affairs is closely related to financial reporting and disclosure, the 'Financial Reporting Objective' of the Board's monitoring is to gain reasonable assurance over the following:

- a) that the Corporation complies with all applicable laws, regulations and other requirements of governments and regulatory bodies relating to financial reporting and disclosure;
- b) that the accounting principles supporting the Corporation's Financial Statements are the most appropriate;
- c) that the Corporation's Interim and Annual Financial Statements are accurate and present fairly the Corporation's financial position and performance in accordance with Canadian generally accepted accounting principles;
- d) that relevant information is disseminated to shareholders, regulatory bodies and the public in a timely manner; and,
- e) that consulting work for the Corporation will be carried out by bodies who have no relationship to the Corporation's Auditors, other than for corporate income tax and matters of low consequence that the Audit Committee judges will not bear on the independence of the Auditors.

B. Composition of Committee

- a) The Audit Committee is appointed annually by the Board and consists of at least three members from among the Directors of the Corporation. All of the members shall be independent Directors and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgement as a member of the Audit Committee.
- b) The Board shall designate the Chairman of the Audit Committee, where feasible according to pre-determined rotation.
- c) All Audit Committee members shall be suitably financially literate.

C. Reliance on Experts

In contributing to the Audit Committee's discharging of its duties under this mandate, each member of the Audit Committee shall be entitled to rely in good faith upon:

- (a) Financial Statements of the Corporation represented to him or her by an Officer of the Corporation, or in a written report of the external Auditors, to present fairly the financial position of the Corporation in accordance with Canadian generally accepted accounting principles; and,
- (b) any report from a professional person whose accreditation lends credibility to a statement made by any such person.

D. Duties of the Audit Committee

The Audit Committee's duties are to monitor and review so as to gain reasonable assurance that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met so as to enable the Audit Committee to report thereon to the Board.

E. Operations of the Audit Committee

- It is the expectation of the Audit Committee that Management will operate within laws and regulations governing the Corporation and will maintain strong financial reporting and control procedures and it is the Audit Committee's responsibility to oversee the reliability of financial reporting including effectiveness of internal control over financial reporting.
- To fulfil its responsibilities, the Audit Committee may, with the approval of the Board, engage outside advisors at the expense of the Corporation.
- External Auditors will be accountable to the Board through the Audit Committee and will report to the Audit Committee on all material or potentially material issues that come to their attention.
- Audit Committee meetings will be held as frequently as circumstances dictate, no less than as required in conjunction with the release of required financial results to shareholders and additionally at the call of the Audit Committee Chairman, a majority of the members or the external Auditors.
- A quorum will be a majority of members. Members may appoint an acting chairman in the absence of the Audit Committee Chairman and the Secretary of the Corporation will act as Secretary to Audit Committee meetings unless the Committee specifies otherwise.
- The agenda for each meeting of the Audit Committee is the responsibility of the Audit Committee Chairman.
- Minutes of each meeting of the Audit Committee will be provided to all members of the Board in a timely fashion and the Chairman of the Audit Committee will report on the activities of the Audit Committee to the full Board at the next meeting of the Board.
- The Audit Committee will meet separately in camera at least once annually with Management and with the external Auditors.
- The Audit Committee will review and approve for presentation to the Board, after obtaining required input from the external Auditors, the Corporation's Annual and Interim Financial Statements, Management Report of Fund Performance, Report to Shareholders and corresponding press releases.
- The Audit Committee will review and ascertain the degree of risk associated with significant actual or potential liabilities, the adequacy of steps in place to minimize the full impact of the matters of risk, and will report thereon to the Board in a timely manner.
- The Audit Committee will confirm the Corporation's compliance with laws and regulations with respect to financial reporting.
- The Audit Committee will review the external audit plan and receive the annual report of the external Auditors and report to the full Board at least annually as to the on-going independence from Management of the Auditors, the performance of the external Auditors, and will

recommend to the Board the nomination of external Auditors, their remuneration and terms of engagement.

- The Audit Committee will investigate matters that properly fall within its duties and perform other functions that may be assigned by the Board to the Committee.

3. Corporate Governance Committee

The Corporate Governance Committee is composed of a majority of outside and unrelated Directors and is responsible for the Corporation's approach to corporate governance issues including compliance with corresponding regulations and guidelines from regulatory bodies.

In fulfilling its responsibilities, the Corporate Governance Committee is:

- Responsible for the implementation of a board assessment and peer evaluation process to assess annually the effectiveness of the Board as a whole and the contribution of individual Directors. The Chairman of the Governance Committee reports to the full Board, on a summary basis, the assessment of Board effectiveness as tabulated from survey forms. The Chairman of the Board receives from an independent third party, summarized results of the peer review conducted via anonymous survey forms and then meets privately with individual Board members to discuss his/her assessment as shown in the summary.
- Charged with acting as a nominating committee by proposing new nominees to the Board and assisting with the orientation of new Directors. Officers and Directors, through informal discussions, provide new Board members with necessary orientation and facts on all aspects of the Corporation. A compilation of Corporate/Board documents is provided to new members by the Chairman.
- Responsible for conducting a periodic review of Directors' remuneration and recommending changes, if any, to the Board. Directors, with the exception of officers of the Manager, receive compensation.

AVAILABLE DOCUMENTATION

The Corporation shall provide to any person or company, upon request to the Secretary of the Corporation, one copy of (i) the Corporation's current Annual Information Form, together with any document, or the pertinent pages of any document, incorporated therein by reference, (ii) the most recently filed comparative Annual Financial Statements of the Corporation together with the report of the Auditors thereon and any Interim Financial Statements of the Corporation that have been filed for any period after the end of its most recently completed financial year, as well as the related Management Report of Fund Performance (which provide financial information) and (iii) the Management Information Circular of the Corporation in respect of the most recent annual meeting of its shareholders. The Corporation may require the payment of a reasonable charge when the request is made by someone who is not a shareholder of the Corporation, unless securities of the Corporation are in the course of a distribution under a short form prospectus, in which case such documents will be provided free of charge. Additional information regarding the Corporation is also available on SEDAR at www.sedar.com.

VOTING OF SHARES REPRESENTED BY MANAGEMENT PROXY

On any ballot that may be called for at the Meeting, the common shares represented by each properly executed proxy in favour of the persons whose names are pre-printed in the enclosed form of proxy will, subject to the provisions of Section 114 of the *Business Corporations Act* (Ontario), be voted or withheld from voting in accordance with the specifications given by the shareholder. **In the absence of such specifications in the**

enclosed form of proxy, where the shareholder has appointed the persons whose names have been pre-printed in the enclosed form of proxy as the shareholder's nominees at the Meeting, such common shares will be voted in favour of the election of Directors, and in favour of the appointment of Auditors including the authorization for the Directors to fix the Auditors' remuneration.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. At the date hereof, the Management of the Corporation knows of no such amendments or variations or matters to come before the Meeting other than the matters referred to in the Notice of Meeting. However, where a shareholder has appointed the persons whose names have been pre-printed in the enclosed form of proxy as the shareholder's nominees at the Meeting, if any amendments or variations to matters identified in the Notice of Meeting or any other matters which are not now known to Management should properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgment of the person voting the proxy.
